

Poster sessions

On both Thursday and Friday mornings and afternoons, four poster sessions will be held in a small room of sixty seats.

Each session will give the opportunity to listen to a brief oral presentation (five minutes) of one of the ten posters chosen for the half-day theme. Two speakers will propose a ten-minute discussion after the presentations. Four posters will be selected by a jury to be presented in one of the Saturday morning symposia. These posters will be awarded a prize by one of the Congress Sponsors.
